GENEALOGY OF ONE BRANCH OF THE HOSKINSON FAMILY

SOME DESCENDANTS OF GEORGE WASHINGTON HOSKINSON

PREFACE

This record has been compiled over a period of more than thirteen years of research. In some places in the following pages will be found the terms "prob." for probably and "abt." for about. I trust the reader will clearly understand that the matter following these terms is not stated as a proved fact but that it seems to me to be the truth, although after searching diligently for proof, I have been unable to find it. Hence, it is stated subject to correction, if in the years to come, any evidence to the contrary should come to light.

The purpose of this publication is to put down all I know, so that others who are interested in tracing the family or their connection to it, may have the benefit of this information. There are probably errors but I have tried to be correct. Some relatives would not answer letters and information concerning them has sometimes been supplied by other relatives - I hope it is correct, but I can not be responsible if it is in error.

1288691

Any additional data, from any individual, would be greatly appreciated.

It is the hope of the compiler that some interested member of the family, who has the patience and the finances, will trace the family back to the immigrant ancestor.

I would particularly like to express my appreciation to:

Mr. Harmon H. Day
Mrs. Louis C. Lamb
Mrs. Harry Hoskinson

without whose help this book would not be as complete or even possible.

To the many other relatives who have been so kind to send records of their families, who have helped and encouraged me, MY SINCEREST THANKS.

Alice H. Wooldridge

EXPLANATION

It will be noted that before each name there are two numbers, the one Roman being the number in the family. The one before this is the serial number, beginning with George Washington Hoskinson, which is carried along all through the entire book, giving each person a number successively. If the number has no plus (+) sign after it, all the history of the person is given here. If this number is followed by a plus (+), it indicates there is more information to follow, and it may be found by turning on in the book until this same number is found in the CENTER at the beginning of a history.

To trace the line backward, note the number at the top of the history in the CENTER of the page, then turn backward until this same number is found near the MARGIN, before the record of birth; note the number of the relative standing in the CENTER above his name, then continue to turn back as above. All lines lead back to George Washington Hoskinson.

GENEALOGY OF ONE BRANCH OF THE HOSKINSON FAMILY

1

GEORGE WASHINGTON HOSKINSON was born Aug. 14, 1811 in Pa., his birthplace was Westmoreland Co., according to tradition. He prob. was the son of Ezekiel (b. 1774, Pa.) and Mary (Baldwin, b. 1781 Va.) Hoskinson, who were married Dec. 6, 1803 in Monongalia Co., Va. (DAR Mag. Vol. 62, p. 312).

He married Sept. 19, 1833, Marietta. O. to Lucy Burlingame Bosworth, b. Dec. 6, 1817 prob. Marietta, O. She was the dau. of Zephaniah and Lucy (Burlingame) Bosworth, both of whom were descendants of very prominent New England families. (Bosworth Genealogy, Part VI, p. 899, #2113).

On Nov. 7, 1837 he received two land grants from the U.S. Government (Cert. #3869 and #3941) for 40.12 acres each in Newport Twp., Washington Co., Ohio. The 40.12 a. mentioned in Cert. #3869 he sold to Joseph P. Carver on Feb. 22, 1839 for \$250.00. On Feb. 12, 1840 he purchased from Ezekiel and Mary Hoskinson 40.12 a. for \$280.00 and immediately sold this same land to Russell Blockley in Apr. 1840.

In the 1840 census, he was living with his family on his farm in Newport Twp., Washington Co., O., prob. the land mentioned in Cert. #3941.

In the 1850 census the family was living on a farm in Marietta Twp. Washington Co., Ohio, so he must have sold his land in Newport Twp.

Between 1850 and 1856 he moved his family to Iowa, very likely to get new land. It was there either near Salem, Henry Co. or West Point, Lee

Co., that his wife died, Aug. 13, 1956, leaving him with several young children.

In 1860 census, he was living at West Point, Ia. with his children, Lucy, George and Joseph. (In this census the family name is spelled Hoskins).

In 1870, he was living with his dau., Lucy (Hoskinson) Mackey, Cedar Twp., Lee Co., Ia. Six years later, in 1876, he with his sons, George and Joseph and their families migrated by covered wagon to Kansas, settling in Harvey and Reno counties, where they purchased or homesteaded land.

He was a staunch Democrat.

The last few years of his life he lived with his son, Joseph and wife, Sarah, on their farm near Burrton, Kansas. He died Jan. 7, 1890 of lung fever and was buried in the Burrton Cemetery.

3

SARAH MAY HOSKINSON, dau. of George Washing-
ton and Lucy Burlingame (Bosworth) Hoskinson
was born Mar. 6, 1836 in Marietta, O. She m.
Alexander Glenn Perdew prob. abt. 1852 (no date
or place has been found) but it was no doubt
near Marietta, Ohio.

After her marriage they lived for a time in
Ohio than moved to Sioux City, Ia. then to Lee
Co. Ia. From there began the trek to Calif. by
ox-team with a large group of immigrants. They
traveled by way of the Santa Fe Trail and thru
the Cajon Pass to make their home finally in
San Bernardino County.

In the 1870 census Alexander Perdew is listed
as a farmer but it is also known the he was a
Penmanship teacher. He built the first school-
house in the Etiwanda district.

In 1892 the family was living on a small farm
in Grapeland, San Bernardino Co., Calif. where
he raised corn, grapes and had some nursery
stock. He died April 16, 1894.

After the death of her son, Ashbury F. (Fade)
and his wife, Sarah moved to San Bernardino and
cared for his six children until her death,
Mar. 6, 1914.

and Lucy Burlingame (Bosworth) Hoskinson, b. abt. 1848, Marietta, O. M. prob. abt. 1854 to Edward Rockefeller, b. 1833, New York. In June 8, 1860 the family was living in Keokuk City, Lee Co., Ia. Edward was employed as City Marshall. This information was found in the 1860 census of Lee Co., Ia.

According to the story told by my father, Eunice died shortly after this and Edward took his four children away. So nothing further is known of the family.

The compiler has tried to trace this family through the Rockefeller Family Association and Rockefeller Genealogies but with no success.

The names of Eunice's sons are ones used often in the Rockefeller family in New York state.

5

WILSON SHANNON HOSKINSON (Wilse), son of George Washington and Lucy Burlingame (Bosworth) Hoskinson, b. Sept. 6, 1843, Marietta, Ohio.

After the death of his mother on Aug. 13, 1856, he lived with a family by the name of Goutz or Gouse for several years. He was

drafted for the Civil War but was turned down as he had bad teeth, good teeth were essential to bite the projection off the hand-moulded bullets.

He married 1) Nan, who is reported to have died about 1867; 2) Mary Elizabeth (Werth) Kessler, widow of Antone Kessler. She was born July 3, 1849, near Mt. Carmel, Ill. and was the dau. of George and Elizabeth Werth, who were natives of Germany. Mary Elizabeth died Mar. 1932, Hutchinson, Kansas and is bur. in the East Side Cemetery in that city.

After his second marriage, he lived for a time in Iowa and Illinois, then moved to Reno Co., Ks. He was a farmer and early day grocer in Hutchinson, Kansas.

He died Nov. 19, 1945, Nickerson, Kansas and is bur. in the East Side Cemetery in Hutchinson. He lived to be more than 102 years of age.

They lived on a farm near West Point, Ia.
until abt. 1875 when they moved to Mt. Hamel,
Ia. where they had a hotel and boarded the men
who were building the railroad at that time.
They invested their profits in government land
which proved very profitable.

On Apr. 2, 1892, George Mackey bought a small
farm in Ringgold Co., Ia. near Kellerton, where
they resided the remainder of their lives. Aft-
er the death of George Mackey, Dec. 24, 1910,

A DIARY OF OUR HONEYMOON

by Maud (Long) Hoskinson

We were married Wed., Nov. 16, 1910 at 6 P.M.

in my parents home 2 miles west of Burrton, Kansas. Those present were our parents, Mr. and Mrs. Joe Hoskinson and son, Walter, and Mr. and Mrs. Andy Long and sons, Oliver and Taylor.

We spent the night at my parents home. The next day we went to Harry's home as he had to get the wagon ready for the trip to Oklahoma: we were to live on an Indian lease that Pa Hoskinson had bought earlier.

On Tuesday morning, Nov. 22, 1910 we started from the Hoskinson home at 8:35 A.M. with Kate and Maud (mules) hitched to the wagon, Kid to the buggy and Trix leading by the side of Kid. Just outside the gate Trix pulled back and broke the rope, he continued to give trouble and finally fell backward breaking the snap on the check-rein and breast strap. It didn't take us but a moment to decide on leaving Trix in Kansas. Mr. Hoskinson had been watching us and he saw the horse fall and he soon was with us to help. Trix went to the barn as soon as he was loose.

I stayed with the wagon and the team of mules until repairs were made. We went fine till we got to the United Brethren Church, then Kid set back on the rope and broke loose. Harry put 2 ropes on him, he continued to give us trouble by pulling back. He finally broke the bit and we let him alone until we stopped for dinner.

We had a big tubfull of grub already cooked, fixed by our mothers. There was half a boiled ham, three chickens, a pan of dressing, 6

loaves of bread, 3 lbs. of butter, cheese and crackers, jellies, cookies, apple butter, baked beans, coffee, and quite a few smaller articles.

When we started on the road again Kid was worse than ever. I got out and rode in the buggy and used the whip whenever he pulled back. After a mile of this Harry decided that was too risky for me. So, he unhitched him from the buggy and tied him by the side of Maud and he went along fine. We had to tie the buggy to the wagon as we thought it wouldn't be so heavy for the mules to pull that way as it was with Kid hitched to it and pulling back. We passed a fellow fixing a fence, he wanted to know if the horse was for sale, "No," was the answer. We saw just lots of prairie dogs that afternoon and some pretty rough country. We camped that night about 5 miles north of Cheney. We drove in by the side of a barn - a big fat man lived there, he was whistling nearly all the time. Harry called him "Whistling Rufus". He had a fine Scotch Collie dog, he called him "Laddie", he seemed to be awfully smart.

We were on the road early the next morning, I think it was about 5:30. We were a mile from Cheney when the sun came up. We made a short stop in Cheney, Harry got a half candy bucket for 5 cents and mailed a card to the folks back home. We drove out to the river which is 2 miles south of Cheney where we stopped and watered and fed the chickens and gave the mules what water they would drink. We were something

over a mile from the river when an auto passed us. It didn't cause much excitement. Harry picked up an ear of corn that was laying in the road, which he was going to feed to the chickens at noon. About 10 o'clock Harry turned Kid loose and he followed pretty good. A man came riding up by the side of the wagon, he had a fine shepherd dog with him; Harry asked if he wanted to give the dog away. He said, "No, not that one, but I have 2 dogs up at the house I'll give you." They were Water Spaniels, coal black. Harry told him if he would bring them down to the road, we would take them. So, we got the dogs and tied them to the buggy. They led very well. When we stopped for dinner, Kid got the ear of corn Harry had picked up for the chickens. I combed my hair up on the top of my head and wore it that way the rest of the time. The first house we passed after dinner, Kid went in, Harry tried calling him but had to go after him. We were down the road quite away when Harry tied him to Maud for awhile. Finally Harry turned Kid and the dogs loose and they followed fine. I took my first nap that afternoon. The wind was in the south and it was a little bit chilly. We got to Argonia a little before 5 o'clock. Kid was getting pretty lame, so Harry had him shod and got a bale of hay. We drove a mile south of town and camped. Just a few minutes before we camped a mule team passed and the 2 dogs followed them off.

Harry got up early the next morning and fed the team. He had to grease the wagon, so he got Kid and went to town after a wagon jack. I was to stay in bed until he came back, but

when he was ready to start to town, he came and told me that he had lost his watch. I got up and dressed, hunted the wagon over and looked all around the wagon, but couldn't see anything of the watch. When he got back he told me he had found it in his hip pocket. We went over some more hilly country. The wind was in the north and blowing just enough to make a fog of dust on us. We sure did get covered in dust. We crossed the Kansas and Oklahoma state line at 1:30 P.M., Thurs. Nov. 24, 1910. We tried to shake off all of the Kansas soil that we possibly could. We saw some nice country that afternoon, but at some of the places where we stopped to water the team, they told us that they didn't raise any more than enough to live on. It was dreadfully hot that afternoon. We stayed about $2\frac{1}{2}$ miles west of Medford, Okla. that night.

We didn't wake up next morning until 5:45. We fixed things up in short order and was on the road as quick as we could get there. We had terrible dusty roads and a good deal of fresh worked road. We found lots of sand and mean roads the last 2 miles that we drove that afternoon. We stayed all night 5 miles north of Enid and the wind blew from the east that night and a few minutes before we got up it sprinkled rain for a few minutes.

We got an early start and by the time we got to Enid it was raining. It rained for about 15 minutes. Enid is quite a nice town, but I don't admire the country around it. On the north it is terribly sandy and west it is up hill and down something like 12 miles or more. I had the Blues nearly all day. Harry

kept teasing me about wanting a ticket back to Burrton. He told me to crawl back on the bed and go to sleep and maybe I would feel better when I got up. He called me when we got to the edge of Ringwood. I took the blues worse than ever when I saw the town. We met quite a number of wagons going north. They told us we were going the wrong way. I almost thought they were right. We found plenty of sand pretty soon after we left Ringwood. Harry bought a bit for Kid, so he stopped and hitched him to the buggy and I drove. We camped about 4 miles south of Ringwood by the side of the road. The first night that we had stayed anywhere except in someone's yard. We were in a thicket of sand and black jacks. Neither of us slept very well that night. Here is where we saw our first cotton.

About midnight the wind began to blow from the north and by the time we were ready to start on the road, it was blowing a gale. There was such a fog of dust that you couldn't see very far ahead. I bundled up good and put a quilt on the seat and under my feet, and put the laprobe around me good. I kept pretty warm for 2 or 3 miles. We had to go west when we started, but when we turned south the dust bothered worse. But it didn't seem quite so cold. Harry had me drive in front, it made the mules walk out better. I kept pretty warm pounding Kid to make him keep ahead of the mules. About 11 o'clock the clouds began to break away and by 12 noon the sun was shining. We ate dinner in the wagon yard at Okeene. I went to the fire and got good and warm, then we ate our cold lunch. I sure did

wish for a hot dinner that day. We started for Hitchcock a little after 1 o'clock. It wasn't so disagreeable to travel that afternoon, we had good roads and the sun was shining good. I drove behind the wagon to keep out of the dust. We got to Hitchcock about 5 o'clock, we stayed all night in the wagon yard. There wasn't any fire for me to go to and as soon as Harry got his team put away, we ate our supper and crawled in bed. I was chilled through. We saw some Negroes that evening, the first we had seen on our trip. The wind went down with the sun, it sure froze hard that night.

It was about 7 o'clock when we started next morning. I took the lead and kept warm pounding Kid, so we could keep out of the way. We went through some terrible country. The first 4 or 5 miles were Gyp hills. There were some very pretty cedar trees among those hills. We soon found some more sand and black jacks. I would be scared to death to travel over that road after night. We saw several fields of cotton and I saw a coyote. We got to Watonga about 1:30 P.M. We went in and got warm, Harry went to see the well diggers. We got a gallon of coal oil, half a bushel of potatoes, then started for the eighty. We were about half a mile from town, when we met Boose (nickname for Howard Cornelius Hoskinson, brother of Harry) with a load of corn. We stopped and chatted with him a few minutes, then drove on to Frank Davis'. Harry wanted to see him about getting his cook shack for us to live in until we got the house built. Frank had gone to town, so we drove in and fed and

watered the team. I went to the house, washed my face and combed my hair, it sure did feel a lot better. We ate our dinner and decided we couldn't wait any longer on Frank. So, we hitched up and went over to our cornfield. We landed here November 28, 1910. Our expenses on the road for the 6 days were \$4.67.

1910-1962

Harry got a carpenter from Watonga to help build a 2 room house, which we moved into at Christmas time. Later a small barn was built, a granary was moved onto the place, a shed and small chicken house came along. The well that was drilled didn't furnish enough water, so Harry and our neighbor, Riley Shirley, dug an open well and got more water. Harry shucked out the corn and we used a lot of those cornstocks for our fuel during the winter. The eighty was all in cultivation and we rented pasture from old Cheyenne Fanny, an Indian. On Sept. 6, 1911, our first son, Wayne, was born. In January the old Indian wanted his land, so Harry decided to move back to Kansas. In Feb. Harry shipped his stock and machinery by rail to Patterson, Ks.; the baby and I came by train. We lived on the John Grubb farm one year then moved to the Jim Sanderson farm where we spent a little over a year. Pa Hoskinson bought a 120 acre farm from William Cotton, one mile north of Patterson, Ks. He let us move on to it Mar. 5, 1914. Several children were born there. We saw some very hard times; there was always plenty of work around. But we managed, as we all

had very good health.

Pa Hoskinson died Aug. 19, 1924. In his will we were left 80 acres for our home. In 1957, we bought 40 acres that joined our 80 on the east side.

We had talked about taking a trip to Watonga, Okla. and go out where we started house-keeping. Finally on Aug. 3, 1960 we made the trip. Harry couldn't even find the Bank in Watonga. Nothing along the road looked right. No buildings, or even a fence, all the land plowed for wheat. We headed for home.

The children held open house for us on our 50th anniversary, Nov. 16, 1960. We had a very enjoyable day. Over 200 guests called on us.

On July 14, 1962, we decided to sell the farm. A buyer came along on Sept. 14, 1962. A public sale was held. We moved into Mt. Hope, Ks. in Oct. We spent 48 years, 7 months and 15 days at the home place.
